USERMANUAL

Please read over this manual before operating the light

1. Introduction

Unpacking: Thank you for purchasing this product, all products has been thoroughly tested and has been shipped in perfect operating condition. Carefully check the shipping carton for damage that may have occurred during shipping. If the carton appears to be damaged, carefully inspect your fixture for any damage and be sure all accessories necessary to operate the unit has arrived intact. In the case damage has been found or parts are missing, please contact the manufacturer or your dealer for further instructions. Do not return this unit to your dealer without first contacting.

Introduction: The Light is a DMX intelligent and battery powered LED par light. This par light is light weight and compact which makes it a great piece for mobile DJ's and clubs.

Warning! To prevent or reduce the risk of electrical shock or fire, do not expose this unit to rain or moisture.

Caution! There are no user serviceable parts inside this unit. Do not attempt any repairs yourself; doing so will void your manufactures warranty. In the unlikely event your unit may require service please contact the manufacturer or your dealer.

PLEASE recycle the shipping carton whenever possible.

General Instructions

To optimize the performance of this product, please read these operating instructions carefully to familiarize you with the basic operations of this unit. These instructions contain important safety information regarding the use and maintenance of this unit. Please keep this manual with the unit, for future reference.

Notice :please pay attention to ventilation, to prevent the battery overheat cause burning When charging.

2. Specifications

- Power input : 100-240V AC 50-60Hz
- Power: 28W
- Battery capacity: 9600mAh
- Light Source: LED5050 192*0.2W RGBWA 5in1
- Channel mode : 5/6/7/12/40/80/160CH
- Control mode: wireless dmx(Guangzhou/Sweden protocol), infrared remote, Master-slave, sound, auto, App control
- Maximum running time (full light): 1 hour /2 hours /3 hours /4 hours /5 hours/ 6 hours /7 hours/8 hours /9 hours /10 hours /11 hours /12 hours mode is optional.
- Maximum running time (solid light): up to 8 hours.
- Stroboscopic: 1-20HZ
- Dimming: 4 dimming modes
- Effect: 68 preset colorful effects
- Control panel: OLED display screen
- IP rating: IP65
- Net weight: 1.7kg
- Dimensions: 53*1436*1506mm
- Heat dissipation system: natural heat dissipation
- Shell: aluminum alloy, semi-light oxidized fine black sand.

2.1 Features:

1. System functions: voice control/self-propelled/color temperature/color saturation
2. System upgrade: wireless DMX512 software upgrade
3. Temperature protection function
4. Battery management function
5. Infrared remote control, wireless DMX512 (Guangzhou/Sweden protocol)
6. Support mobile APP control (Android and Apple)

2.2 Charging

Most important: FIRST CHARGE THE FIXTURES FOR 6-7Hours on the First Charge before use. Plug in Power cord. Turn off Power Switch and Turn off other switch to charge.
